INVENTO 2023

The annual multi-fest of the Government Engineering College Palakkad, a pioneer in the fusion of science, art, and technology. It merges two of its subsets: the tech-focused Invento and the arts festival Saptha, which highlights the Seven kinds of art. This prestigious festival, which is in its 7th series and aims to beat its forerunners in terms of grandeur and innovation, attracted almost 10,000 visitors over the course of four days last year.

Invento 2023 is anticipated to enlighten people and push the boundaries of impossibly distant horizons, with the overall theme of "Roots of the 22nd Century" serving as its main point.

GEC PALAKKAD

Government Engineering College Palakkad is one of Kerala's top institutions for engineering education and is located in the district of Palakkad. The Government of Kerala established GEC Palakkad in 1999. The institution has achieved noteworthy academic, technical, and career distinction in the short twenty-four years since its founding, and it is well-known for both its rigorous academic programme and synergistic learning environment.
